

2018, Wirhalh Skip Felagr 20th Anniversary Year

About us

The Skip Felagr focuses primarily upon the Hiberno Norse Vikings who settled the Wirral in 902AD, but we are able to portray other cultures from the beginning of the Viking invasion in 793AD to beyond the Norman Conquest in 1066AD.

Join the experimental archaeologists of Wirhalh Skip Felagr and learn about the Wirral's fascinating Viking history.

We offer a wide range of educational experiences to suit all requirements from talks and displays to fully immersive living history displays from extended family farmstead to warrior camps and raiding parties.

Whatever your requirements Wirhalh Skip Felagr offers a unique range of exciting solutions tailor made to your specific requirements.
